

EiWiki:Bureaucrats

Bureaucrat rights are granted by the community to exceptionally trusted users who are allowed to perform certain actions on other users' accounts.

Bureaucrats have extended access to [Special:UserRights](#), enabling them to add users to the 'sysop' and 'bureaucrat' groups (but not remove them), and both add users to and remove users from the 'bot' user group.

See [Special:Listusers/bureaucrat](#) for a list of users in this group.
