

Help:Subpages/subpage

This is a **subpage** of Help:Subpages, created as an example of the feature.

- Help:Subpages - parent page
- **Help:Subpages/subpage** - this page
- Help:Subpages/subpage/sub-subpage - child page

When the parent page actually exists, a link to the parent page automatically appear under the page name header at the top. If the subpage feature is turned off, this will not appear.
