

`{{name}}`[\[edit\]](#) [\[purge\]](#)  [Template documentation](#)This documentation transcluded from [Template:Helpbox nofloat/doc](#) ([edit](#) | [history](#))

This template allows a non-floating help navigational template to be set up relatively quickly by supplying it one or more lists of links.

## Contents

- [1 Usage](#)
- [2 Parameters](#)
  - ◆ [2.1 Mandatory](#)
  - ◆ [2.2 Optional](#)
- [3 Layout of table](#)
- [4 Example](#)

## Usage

```
{helpbox nofloat
|name      =

|group1   =
|list1    =

|group2   =
|list2    =

...

|group10  =
|list10   =
}}
```

## Parameters

### Mandatory

*name*

The name of the template appears centred in the top row of the table.

*list<sub>n</sub>*

(i.e. *list1*, *list2*, etc.) The body of the template, usually a list of links. Format is inline, although the text can be entered on separate lines if the entire list is enclosed within `<div> </div>`. At least one *list* parameter is required. Each *list<sub>n</sub>* may be preceded by a corresponding *group<sub>n</sub>* parameter, if provided (see below). There is a limit of 10 lists/groups in a template.

## Optional

*group<sub>n</sub>*  
 (i.e. *group1*, *group2*, etc.) If specified, text appears in a header displayed above *list<sub>n</sub>*.  
 first param  
 inline CSS for the table

## Layout of table

Table generated by `{{helpbox nofloat}}`:

```

    {{{name}}}
    {{{group1}}}
    {{{list1}}}
    {{{group2}}}
    {{{list2}}}
    {{{list3}}} without {{{group3}}}
    {{{group4}}}
    {{{list4}}}
    
```

## Example

```

{{helpbox nofloat|width:600px;
|name=FORwiki policy
|group1=Article standards
|list1=List1
|group2=Group2
|list2=List2
|group3=Group3
|list3=List3
}}
    
```

**FORwiki policy**

**Article standards**

List1

**Group2**

List2

**Group3**

List3
