

[\[edit\]](#) [\[purge\]](#)  Template documentation  
This documentation transcluded from Template:Left/doc[\(edit\)](#) [history](#)  
You can use this template when you want to left align text.

## Usage

This template saves typing the following text (in a table):

```
style="text-align:left" |
```

To use, type: {{left}}

## See also

- {{left2}} - same as this, but takes the text itself as an argument
