

Process header blue template creates a box with title, section and two references. This template is meant to be used at the top of a page. Fill in any relevant information and leave unknown or inapplicable parameters empty. Don't remove unused parameters, as these help editors use the template elsewhere.

Usage

```
{{process header blue
| title
| section
| previous
| next
| shortcut
| notes
}}
```

Example

```
{{process header blue
| title      = Title
| section    = Section
| previous   = Previous
| next       = Next
| shortcut
| notes      = Notes
}}
```

produces

Previous  **Title** Section Next
Notes
