

Template:Smaller/doc

Template to aid switching the font-size used for a text string.

Syntax

```
{{resize|N|text}} or {{resize|text}}
```

N specifies a size, such as "90%", "1.2em", etc. For the default case (the second above), *N* is set to "90%".

Examples

```
{{resize|1.2em|This text is 0.2em larger than  
normal}}
```

This text is 0.2em larger than
normal

```
{{resize|80%|This text is 80% normal size}}
```

This text is 80% normal size

```
{{resize|This text defaults to 90% normal size}}
```

This text defaults to 90% normal
size

Alternate

```
{{smaller|Text}}
```

```
= {{resize|Text}}
```

(i.e. *Text* will appear at 90% normal size.)
